01 The logo idea

Three shapes that tell the story of a gift

Primary logo

Approved 3D render. The identity takes its gold and blue from it, redrawn as flat vectors for print and screen.

The gold bar: the ribbon

A steady vertical line like the ribbon around a present, ending in a base that holds everything together.

The navy block: the gift box

A calm, solid shape that signals trust and luxury, and carries what is inside the way a box carries its surprise.

The golden دُ: the pearl

The Arabic letter د drawn as a pearl, with the damma (ُ) above it, so the mark reads دُر, Arabic for pearls. The English DUR sits below the box, so one logo speaks both languages.

The wordmark
